

## A VISIT TO THE ASOLA WILDLIFE SANCTUARY

On the occasion of wildlife week, the Department of Environment and Forests, organized a workshop at Asola Bhatti Wildlife Sanctuary on 5<sup>th</sup> October 2016. Students from our school participated in the workshop which comprised a presentation on solid waste management and a documentary on butterflies. This was followed by a competition on how to utilize waste products and make something useful out of it. Our children participated with enthusiasm and used their creativity to make innovative products from the waste. They learnt a lot in the process and also enjoyed the workshop. A Quiz was held on butterflies where winners received booklets on butterflies. All students were given participation certificates
