A two day Educational excursion to Fatehpuri Sikri and Keoladeo National Park, Bharatpur, on 28th and 29th December, 2017.

Class M2 children were taken for a two day trip to Fatehpuri Sikri and the Keoladeo National Park, Bharatpur. The enthusiastic group enjoyed the activities scheduled for them. Fatehpuri Sikri gave them an insight into Mughal history and architecture. The cultural evening that followed day one of the tour was equally entertaining with a traditional puppet show followed by music, dance and a bonfire.

The early morning visit to the bird sanctuary and the spectacular setting of the wetlands was a great learning experience for the children. The trip provided children time to interact and learn in their peer group, which is so important for their overall development.
