

FAREWELL BATCH OF 2017-18

The class SS1 students of Gyan Bharati School, Saket, gathered on 31st January 2018, to bid farewell to the outgoing class XII batch. The day was a fiesta devoted to the years spent together with teachers and friends and to reminisce the joyous moments. The theme of the valedictory function was ‘Dosvidaniya: We’ll Meet Again’.

A cultural programme and lunch was hosted by class SS1. The function commenced with an invocation seeking the blessings of Lord Ganesha in an amalgamation of Kuchipudi and Kathak dance forms. A beautiful medley of Hindi songs by the girls and English numbers by the boys’ band captured and mesmerized their seniors. A musical drama, ‘Mein Iss Saal Bhangra Nahi Karoongi’, included short scenes and dance compositions expressing the joyful and memories one amasses during the schooling years. The vibrant and lively bhangra, with the zest and energy of the SS1 students caused the SS2 students to dance and groove to the beats. The ‘Diya Ceremony’ symbolized the school Prefects handing responsibilities down to their Deputies. The farewell song “Ruk Na Sako” tugged at the heartstrings, as it spoke of letting go of school and the memories associated with it and beginning anew.

Incorporated among these events were the handing over of the much cherished titles and compliments. A valedictory speech from SS1 by Purvi Singh was a way for the juniors to express gratitude to their seniors and to recall the many shared memories. The speech on behalf of the SS2 by Janya Goel was about all the things they had learnt together while stumbling and fumbling along the way. Mementos were presented by the Principal and the Vice Principal. The gathering was then addressed by the Principal Mrs Nishi M Manglik Ma’am who besides wishing them luck had encouraging and reassuring words as the batch heads for their boards shortly. She advised the outgoing batch to be confident and fearless.

The event came to a close with a vote of thanks to each and every person who had contributed to the success of the event.
