Development Curriculum which is followed in our school, involves a big role of excursions/tours and field trips in scaffolding the learning of our children.

With a firm belief that learning should never stop,a virtual excursion was planned on 22nd August 2020, for the students of classes P1 and P2 to Parle G factory and for P3,P4 and P5 to Qutub Minar.

Our tiny tots from P1 and P2 were amazed to see the whole process of how biscuits are made.They thoroughly enjoyed the excursion and took back a lot of learning with them.

Excursion to Qutub Minar provided our children of P3,P4 and P5, an opportunity to have better insight and knowledge about the monument. Children were sensitized towards protection of these monuments and they shared various ways on how we can save them.Children made notes in their diaries too.

Overall, the whole excursion was a success as we met with our objectives to expose our students to the heritage beauty of our city and enliven patriotic feeling for the country.
