

WORKSHOP FOR CAREER IN MERCHANT NAVY

A workshop for students of classes X, XI and XII (Science stream), was organized in school in collaboration with Applied Research International on 24th July 2017 to apprise the students about a fruitful career in merchant navy.

Resource Persons from ARI gave a presentation highlighting the various opportunities open to students, subject and mark requirements, physical eligibility and advantages of choosing these options. They also discussed the importance of characteristics like assertiveness and positive attitude in the growing years of students. The students participated in the discussion and raised various queries and received satisfying answers from the team.

Mr. Mohit Sharma, Judicial Officer from the South Delhi Legal Services Authority conducted a session themed – “Environment: Protection, Preservation, Maintenance and Conservation” at our school for school students.

This is part of their “Greening Delhi” initiative, a part of the “Our earth and us” project.
