

On 14th July 2017, our faculty member Mr. Krishan Kumar attended a meeting organised by the Directorate of Education, District South on prevention of Dengue and Chikungunya.

The Ministry of Urban Development, in collaboration with South Delhi Municipal Corporation launched the “Swachh Shauchalaya” campaign on 19.7.2017 at Gyan Bharati School. The campaign aims at bringing about large scale change in social behaviour towards sanitation and cleanliness, with the goal of achieving a ‘Clean and Open Defecation Free Urban India” by 2nd October, 2019. Believing that children are one of the biggest change agents for any social transformation, the programme featured the acclaimed cricketer, Shri Suresh Raina as the Brand ambassador of the campaign.

The school extended in support to the launch event and our students participated wholeheartedly with great enthusiasm.
