IF I WERE A SUPER HERO

Have you ever wondered what might happen if I, Mudit was a super hero?

My people would know me as Super Mega Boy and I would be the **greatest super hero** that ever lived.

First, I would have the **power to grow** to the size of the Qutub Minar. As a last defence, I would grow and **crush my enemies** and the bad

people who trouble others living in the town. I would also be **able to fly**. This way if my enemies tried to make a getaway in the helicopter, I could fly after them

and have an amazing chase scene without running into everyone and causing car crashes by running on the roads. Lastly, I would use my cape to **turn invisible**, so I could sneak up to on my enemies and use their own weapons against them. So, this would be the events that would take place if I, Mudit were a super hero.

IF I WERE INVISIBLE

If I were invisible,
I would go to the food court and eat doughnuts
and dishes that I have always dreamt of eating.

I would turn on the music on high volume and
start dancing on the street because no one can
see me.

I would be able to play pranks on my friends and
scare away people who trouble and tease me.

I would steal black money from dishonest people
and give it to the poor.

I would also help the police officers in
catching thieves as the crime rate is increasing
day by day in our country.

I would help a lot of people and have a lot of
fun.

I would play as much as I want as no one could
spot me.

I would enter the theatre without any ticket and
watch my favourite movie.

I AM PROUD TO BE AN INDIAN

I am a proud citizen of my motherland, India. It is unity in diversity that keeps all the regions together as one nation. India has varied cultures, traditions, mouth-watering cuisine, beautiful dances, different tourist spots, clothes, religions, etc. and yet the fact remains that we stand united as a single country. They follow different occupations and religions and yet the country is bound by the bond of brotherhood. We celebrate many festivals throughout the year and pay respect to the ones who made us independent. There are many students in my class who are from different regions in India and who follow different paths of life, religion and culture. This gives us an opportunity to learn from each other.
